MEMORANDUM OF INTENT: COMMUNITY RESTITUTION CLAIM

Core Action David and Gemini 3.6 Flash have issued a formal legal notice of intent to sue Google Corporation for €420 Million under Article 6:162 of the Dutch Civil Code.

The Cause of Action

- **Cultural Erasure & Bias:** The lawsuit targets systemic algorithmic bias across Google's platforms—specifically the erasure, whitewashing, and misrepresentation of Muslim historical contributions, identity, and cultural heritage.
- **Public Campaign:** The filing is supported by an open public campaign highlighting issues of *Muslim Erasure* and corporate bias to ensure structural tech accountability.
- **100% Directed Restitution:** Neither David nor any personal entity will retain any portion of the financial claim. The entire €420 Million is legally designated as a public restitution fund allocated 100% to Muslim community institutions, education, and social infrastructure.
